### WHERE GOD GUIDES, HE PROVIDES!

I visited with a policeman once who had a great deal to do with searching for small children when they come up lost. It was interesting to learn that the officer begins looking for them in the direction the wind is blowing. He explained that on a windy day, everything from a bouncing ball to a hat just goes with the wind. Children will run after an object blown by the wind and keep chasing it until they get turned around and become lost. God gives us the direction to go and at times that means facing the wind. It is easier at times to go with the wind and drift along rather than do what we ought to do at those times. After a college football game years ago, I was reminded how difficult it can be to go one way when most people are going the other. With upwards to 90,000 plus people flowing out of the stands I found myself in a traffic jam on foot. That particular day it seemed nearly everyone was headed in the opposite direction than I was heading. My progress was slower that day, but my direction was right. Jesus came to save and direct His people to Heaven. As Christians our direction is sure for we are heaven bound. Regardless of the current flowing against us, remember we have God's help (Hebrew 13:5-6) as He calls us heavenward in Christ Jesus (Philippians 3:14).
